

I am concerned about LPFM stations being able to take priority over current FM translator service. I listen to KLOVE radio and it serves me as a resident of the local community in a way that I can not find elsewhere. If K-Love were to be displaced by an LPFM broadcaster providing other programming it would have a devastating effect on the local community. The service provided by K-LOVE is in the public interest because it offers and supports wholesome values and has a positive and encouraging impact on communities across America. It is truly a family oriented station that promotes good will and values in the community. I am completely against your proposal to expand LPFM by having them take priority over FM translator service.
